

# RACK MOUNTED 12V DC CAMERA POWER SUPPLIES

**8, 16 AND 32 CAMERA MODELS**

**SELF-RESETTING SMARTFUSE PROTECTION**

**FITS STANDARD 19 INCH RACK**

## Available Models

**RP-08DC-6:** 8 Cameras, 6 Amps Total Power at 12V DC.

**RU-08DC-6:** 8 Cameras, 6 Amps Total Power at 12V DC, UL Listed

**RP-16DC-6:** 16 Cameras, 6 Amps Total Power at 12V DC

**RU-16DC-6:** 16 Cameras, 6 Amps Total Power at 12V DC, UL Listed

**RP-32DC-12:** 32 Cameras, 12 Amps Total Power at 12V DC

**RU-32DC-12:** 32 Cameras, 12 Amps Total Power at 12V DC, UL Listed

## SPECIFICATIONS

**Input Voltage:** 110 V AC (220V models available)

**Output Voltage:** 12V DC

**SmartFuse Rating:** 2.5 Amps

Wiring conforms to UL Class II requirements according to UL2044

Stealth Labs rack mounted camera power supplies are ideal in any multi-camera installation, avoiding the need to tie up one electrical outlet per camera, and provide significant advantages over multiple plug-in transformers in safety, convenience, neatness and cost.

All models include self-resetting *SmartFuses*. These react like a glass fuse but reset themselves when the surge has passed or the fault is removed, eliminating costly service calls to replace blown fuses. Built-in surge suppression protects your cameras from transients.

Individual LED indication provides confirmation of power to the cameras.

Wiring is easy, using removable screw terminals positioned at the back of the unit.
